Mishaps in the outdoors? **Amazing GOOP[®] Sport & Outdoor to the Rescue**

Pesky problems can appear at the worst times when you're fishing, hiking, biking, boating, kayaking, or even just playing basketball. Don't let them ruin your day-- keep a tube of **Amazing GOOP[®] Sport & Outdoor** handy for quick repairs of tears, broken seals and other damage to your equipment. This **superior, versatile and easy-to-use, one-part adhesive** is the perfect companion to your outdoor adventures. The lightweight 3.7 oz. tube fits nicely into your gear bag or backpack and delivers superior strength when you need it.

Amazing GOOP[®] Sport & Outdoor, by Eclectic Products, Inc., is the perfect adhesive for all outdoor-related needs because of its ability to repair, seal, and stick to a wide variety of materials including metal, rubber, fabric, plastic, leather and rope.

It is particularly useful for bonding unlike materials such as nylon rope to a frame to repair a hockey net or string to a tennis racket or snow shoe or a strap to a back pack.

Amazing GOOP[®] Sport & Outdoor adhesive has a unique ability to withstand movement and temperature extremes without cracking or separating because it dries to a clear, rubbery finish—perfect for the outdoors where weather can be fickle. For maximum ultraviolet protection, paint over it after it has cured.

Keep a tube of Amazing GOOP[®] Sport & Outdoor handy for repair needs while enjoying the outdoors any time of the year.
