TECHNICAL DATA SHEET

Painter's® Nail Hole Filler

PRODUCT DESCRIPTION

PAINTER'S® NAIL HOLE FILLER requires no mixing and goes on with a simple squeeze of the tube – without a putty knife. The sponge-tip applicator evens out and finishes the surface, whether textured or smooth – no scraping or sanding required. With a quick squeeze, it fills cracks, holes and nail heads, then the applicator rubs the patch to a clean, smooth surface that's dry and ready to paint in 12 to 15 minutes. Developed for long shelf life, it won't dry out in the tube and never shrinks or discolors paint or wallpaper.

PRODUCT CHARACTERISTICS and BENEFITS

Ready to use	No messy mixing or putty knife required
Sponge-tip applicator	Guides filler into cracks and holes; matches texture of surface
Fast dry time	No sanding required and ready to paint in 12 to 15 minutes
Easy clean up	Rinse applicator in warm water and replace cap
Long life	Won't dry out in tube and does not shrink or discolors wall covering

PHYSICAL PROPERTIES

Density	19.5 lbs/gal
Storage	Store between 45 and 85 °F (7 and 29 °C)
Freeze/thaw stability	None; do not freeze
Shelf life	1 year

DIRECTIONS OF USE

Always test a small area before full use.

- Step 1** Remove cap and applicator.
- Step 2** Snip tip to open and replace applicator.
- Step 3** Squeeze a bead of filler to top of applicator.
- Step 4** Fill crack, holes and nail heads.
- Step 5** Use applicator to smooth and finish surface to desired texture.
- Step 6** Ready to paint in 12 to 15 minutes.
- Step 7** After use, wash applicator with warm water and replace cap.
- Step 8** Keep from freezing and store in a cool, dry place.
